ENGLISH

Location
MONTREAL

OVERVIEW

A childhood educator works with children between 0 and 12 years of age. The Attestation of Collegial Studies program prepares future educators so they can fulfill the following tasks and responsibilities:

- Address the basic needs of children.
- Address the children's psychological and educational needs.
- Work in partnership with different individuals.
- Participate actively and regularly in daily activities and team meetings with their colleagues
- Design and revise the educational program, combining flexibility and thoroughness, in their quest for educational coherence
